Masonic Trivia and Education

Casino Del Sol in Tucson we will host an 80% scale Vietnam Wall Memorial and also Gulf War I & II Memorials. February 21-26

San Pedro 55 Benson will have a rather special Stated Communication on Feb 26 they will be visited by the two Spanish Ritual Lodges in Arizona: Anahuac 81 Tucson and Hispanos Unidos 83 Glendale. The Spanish speaking brothers will pro tem all stations and places except for Master. They will open on the EA degree and the Master will ask the usual opening questions in English but the responses will be in Ritual Spanish. The business portion will be in English and the closing will be in full Spanish Ritual. During dinner there will a special presentation by the Cochise County CASA (Court Appointed Special Advocate) program. <http://www.supreme.state.az.us/casa/> Arizona has approximately 8,823 dependent children. Learn how you can become a voice for a child. During the meeting WB Jerry Badinger Oasis 52 will give a presentation on the AZ Masonic Foundation for Children also known as Children@Risk program http://www.mastermason.com/az_msap/ It should be an entertaining and educational evening. Please join them. Please let us the webmaster@arizmasons.org know if you plan to eat dinner so they can plan for the food.

Thought for the day: Love all, trust a few, do wrong to none – 8,789 Words of Wisdom by Barbara Ann Kipfer

Quote of the Day "The zest, the generous affections, the illusions, the despair, all the traditional attributes of Youth...come and go with us through life; again and again in riper years we experience, under a new stimulus, what we thought had been finally left behind, the authentic impulse to action, the renewal of power and its concentration on a new object..." - Evelyn Waugh in "Brideshead Revisited"

Puzzle: (Yesterday: 134 Only two people sent in a solution but neither one of them got it right although they pointed out correctly that 17 is a prime number so that is was an "impossible" question. The question was not if it was possible or what the two numbers were but what is the sum of their squares. If A is one number and B is the other what we are given is $A-B = 10$ and $AB = 17$ by thinking outside of the box we can say $(A-B)(A-B) = A^2A - 2AB + B^2B$ by substitution we can then say $10^2*10 = A^2A - 2(17)$

+ B*B or A*A + B*B = 134)

There is a pole in a lake. One-half of the pole is in the ground, another one-third of it is covered by water, and 11 ft is out of the water. What is the total length of the pole in ft? (Hey look everyone – another prime number!)

This message is sent to you courtesy of <http://arizmasons.org> to inform you of Masonic Events in Southern Arizona in the next couple of days and to provide you with a bit of Masonic education.

If we have made any errors as to starting times, dinners, or omissions, we apologize but please inform webmaster@arizmasons.org so the corrections can be made to the calendar

If you wish to be removed from this list please send an email to webmaster@arizmasons.org

For your privacy all addresses are being sent BCC

Go to <http://arizmasons.org> and click on the event in the calendar for more information of the event. Doing this either takes you to their website if they have one or at least provides you with the address for the event in a popup window

There are 499 valid email addresses on this daily reminder list, 44 invalid email addresses (that we are trying to correct), and 25 addresses that have been removed from the list by request.

If anyone sends out any Masonic email to the people in their address book, we wish they would also send it to webmaster@arizmasons.org that way we can check our addresses against your list of people. We feel it would serve the fraternity well if more people were sent daily reminders of Masonic activities as it is hoped people would participated more in their own lodges and it would encourage visitation.

Fraternally,
