### Masonic Trivia and Education

Casino Del Sol in Tucson we will host an 80% scale Vietnam Wall Memorial and also Gulf War I & II Memorials. February 21-26

San Pedro 55 Benson will have a rather special Stated Communication on Feb 26 they will be visited by the two Spanish Ritual Lodges in Arizona: Anahuac 81 Tucson and Hispanos Unidos 83 Glendale. The Spanish speaking brothers will pro tem all stations and places except for Master. They will open on the EA degree and the Master will ask the usual opening questions in English but the responses will be in Ritual Spanish. The business portion will be in English and the closing will be in full Spanish Ritual. During dinner there will a special presentation by the Cochise County CASA (Court Appointed Special Advocate) program. <http://www.supreme.state.az.us/casa/> Arizona has approximately 8,823 dependent children. Learn how you can become a voice for a child. During the meeting WB Jerry Badinger Oasis 52 will give a presentation on the AZ Masonic Foundation for Children also known as Children@Risk program [http://www.mastermason.com/az\\_msap/](http://www.mastermason.com/az_msap/) It should be an entertaining and educational evening. Please join them. Please let us the [webmaster@arizmasons.org](mailto:webmaster@arizmasons.org) know if you plan to eat dinner so they can plan for the food.

In Christchurch New Zealand, there are two natural eroded stone pillars standing at the entrance to Tumbledown Bay. Looking from the land, the one on the left is named Boaz and the other on the right is named Jachin. Leads one to believe that the founders were indeed members of The Craft. Puzzle: (Yesterday: 66 ft. Five people sent in a solution and four of them go it correct: Jerry Estruth, John George, Richard Miller, and Dean Millard  $x/2 + x/3 + 11 = x$ )

Mr. Jardin is designing a symmetrical garden with 3 separate plots. A total of 12 orange flowers, 6 red flowers, and 8 yellow flowers are divided equally between garden plots A-1 and A-2. Garden plot B has 2 orange flowers, 3 red flowers, and 11 yellow flowers. Mr. Jardin wants the ratio of orange flowers to the total number of flowers to be the same in each garden plot. He wants the ratio of yellow flowers to the total number in plot B to be the same as the ratio of red flowers to the total number in each of the A plots. How many yellow flowers does he have to move from plot B to each of the A plots to achieve his

goals?

This message is sent to you courtesy of <http://arizmasons.org> to inform you of Masonic Events in Southern Arizona in the next couple of days and to provide you with a bit of Masonic education.

If we have made any errors as to starting times, dinners, or omissions, we apologize but please inform [webmaster@arizmasons.org](mailto:webmaster@arizmasons.org) so the corrections can be made to the calendar

If you wish to be removed from this list please send an email to [webmaster@arizmasons.org](mailto:webmaster@arizmasons.org)

For your privacy all addresses are being sent BCC

Go to <http://arizmasons.org> and click on the event in the calendar for more information of the event. Doing this either takes you to their website if they have one or at least provides you with the address for the event in a popup window

There are 499 valid email addresses on this daily reminder list, 44 invalid email addresses (that we are trying to correct), and 25 addresses that have been removed from the list by request.

If anyone sends out any Masonic email to the people in their address book, we wish they would also send it to [webmaster@arizmasons.org](mailto:webmaster@arizmasons.org) that way we can check our addresses against your list of people. We feel it would serve the fraternity well if more people were sent daily reminders of Masonic activities as it is hoped people would participated more in their own lodges and it would encourage visitation.

Fraternally,
