E-mail your electronic flyers as an attachment to webmaster@ArizMasons.org or fax a hard copy to (520) 844-4445 for publication.

If your event is not listed it because no one has told us about it and we are not quite clairvoyant. Look at our master calendar at <http://my.calendar.net/MandWAssc> to see if we know about your next event. Archived issues of this newsletter can now be viewed at <http://arizmasons.org/TheDailySpam.htm>. You can also unsubscribe at that site.

Masonic Trivia and Education

We need Masons and their families to man the phone banks during KUAT's annual fundraiser. This is a great way to support Public Television and for Masons to get involved in the community. There are three shifts of five people needed, the two shifts on Saturday mentioned above, and one shift on Sunday between 2 and 6:30p. Who knows you may get yourself on TV but no promises. Please call WB Henry Spomer at his cell phone 661-2021 as soon as possible. Some other organizations pulled out at the last minute and we need Masons to step up to the plate now.

When Brothers Richard E. Byrd and Bernt Balchen first flew over the North and South Poles, they dropped a Masonic flag on each Pole. Then, in the 1933-35 expedition, Brother Balchen tossed his Shrine Fez on the North Pole. Source: "The Truth is Stranger than Fiction," by Alphonse Cerza, Masonic Service Association, 1934.

Thought for the day: One who cannot tolerate small ills can never accomplish great things – 8,789
Words of Wisdom by Barbara Ann Kipfer

Quote of the Day: "What you get by reaching your goals is not nearly as important as what you become by reaching them." - Zig Ziglar in "See You at the Top"

Puzzle: (Day Before Yesterday: Only Jim Hewitt sent in a solution and nailed it. Mr. Brown does not wear a brown or white tie. Therefore it has to be red. Mr. White's tie cannot be white or red so it must be brown. That leaves Mr. Red with the white tie.)

Puzzle: (Yesterday: Six people sent in a solution all of them correct: Richard Miller, Robert O'Donoghue, Paul Weathers, John George, Jim Hewitt, and Tim Davis. The two blackest are warmer because the layer of air between them acts as additional insulation but remember here in Southern Arizona it is a DRY cold)

The butcher, his daughter, the fisherman, and his wife won the lottery and divided the prize into three. How can this be?
