May 31-Jun 02 Grand Lodge 125th Annual Communication Flagstaff Registration Form

E-mail your electronic flyers as an attachment to webmaster@ArizMasons.org or fax a hard copy to (520) 844-4445 for publication.

If your event is not listed it because no one has told us about it and we are not quite clairvoyant. Look at our master calendar at <http://my.calendar.net/MandWAssc> to see if we know about your next event. Archived issues of this newsletter can now be viewed at <http://arizmasons.org/TheDailySpam.htm>. You can also unsubscribe at that site.

Masonic Trivia and Education

We need Masons and their families to man the phone banks during KUAT's annual fundraiser. This is a great way to support Public Television and for Masons to get involved in the community. There is a need for a shift of five people needed, as mentioned above. Who knows you may get yourself on TV but no promises. Please call

WB Henry Spomer at his cell phone 661-2021 as soon as possible. Some other organizations pulled out at the last minute and we need Masons to step up to the plate now.

A Brother was initiated on August 23, 1879 by Lodge #239 in a balloon flying over Paris .Source: "The Truth is Stranger than Fiction," by Alphonse Cerza, Masonic Service Association, 1934.

Thought for the day: Be patient: patience can wait for anything – 8,789 Words of Wisdom by Barbara Ann Kipfer

Quote of the Day: “Everything is worth what its purchaser will pay for it.” - Publius Syrus in “Moral Sayings”

Puzzle: (Yesterday: Richard Miller, Don Sailors, and Henry Spomer all sent in an answer of \$249,243.00 but I believe the answer is \$250,000.00. The Agent gets \$ 13750 as commission (i.e., 0.055 x 250000). Ann gets (including profit) \$ 236250, i.e., 250000 - 13750. It may be noted that: $(236250 - 205434) / 205434 \times 100 = 15\%$. Importantly, profit is calculated on purchase cost (by Ann) and commission is calculated on selling price (by the Agent). The problem may also be solved by setting up the following equation: Purchase Cost + Ann's Profit + Agent's Commission = Selling Price $205434 + (15/100) 205434 + (5.5/100) S = S$ where S is the Selling Price in \$. The equation may be solved as shown below. $236250 + 0.055 S = S$ $S = 236250 / (1 - 0.055) = 250000.$)

There are three words in the English language that end in the letters g-r-y. Two are "hungry" and "angry." Everyone knows what the third word means, and everyone uses it every day. What is the third word?
