Three Volumes of the Sacred Law are opened side by side upon the altar in every lodge in Israel: the Hebrew Bible (TaNaCH), The Christian Bible, and The Koran. The official seal of the Grand Lodge encloses the symbols of the three great monotheistic religions: The Jewish Star of David, Christian Cross, and Muslim Crescent, all intertwined within the square and compasses. Frequently, joint meetings are held between lodges, so that sometimes three or more different languages are heard in the course of a single meeting. Puzzle: (March 10: Nobody sent in a solution so instead of running a new puzzle I will continue to run the same puzzle with additional clues. These additional clues will be lettered and can be deduced from the original clues given. A printable partial solution is at <http://www.arizmasons.org/DailySpam/20070310PartialSolution.pdf> . Kudos goes out to Brother Jerry Estruth for sending in a solution to the Logic Problem in the March 6 issue he got it 99% correct. The only mistake he made was in transposing the Homer and Elmwood surnames but everything else was right on)

Last week was a busy one for the Bryant family, with many late-afternoon activities. On several days, to make waiting for dinner easier, Ms. Bryant served hors d'oeuvre (one day she served cheese and crackers) while the main course was cooking. One each day, she served a different hors d'oeuvre and a different dinner. From the information provided determine the activity on each day (Sunday, Tuesday, Wednesday, Friday, and Saturday), as well as the hors d'oeuvre and the main course (one was soup and sandwiches) served on that day (Note: Sunday is the first day of the week)

1. The Bryant's snacked on cocktail frank three days after they enjoyed raw vegetables with dip.
2. The Bryant's attended choir practice the day after they munched on stuffed celery.
3. Nachos were the appetizer two days after the main course was macaroni and cheese.
4. Bowling was latter in the week than the cocktail franks were served, but at least one day before the flounder dinner.
5. The Bryant's went shopping twice, and one of their shopping trips was on either Friday or Saturday. They ate baked chicken for dinner earlier in the week than either shopping trip.
6. The ballet was two days before the steak dinner.
 - a. The days concerned in order are Sunday, Tuesday, Wednesday, Friday, and Saturday (Given). The vegetables had to be served on Sunday, Tuesday, or Wednesday (Clue 1) so they could not have been served on either Friday or Saturday. It also follows that the franks could not have been served on Sunday.
 - b. Choir Practice had to se on either Wednesday or Saturday (Clue 2) so it could not have been on Sunday, Tuesday, or Friday. It follows that the celery had to have been eating on either Tuesday or Friday eliminating the other three days. (Clue 2)
 - c. Nachos could have only been served on Tuesday or Friday (Clue 3) and the Macaroni and Cheese had to have been served on either Sunday or Wednesday
