

Resolution 2007–16

(To be referred to the Ritual Review Committee and acted upon in 2008 at the 126th Annual Communication. Will require a 5/6 majority to adopt)

Synopsis: The lecture of the Entered Apprentice currently contains a geometric impossibility with no rational explanation. In the explanation of a feature of each well-furnished Lodge, the parallel lines which touch on a circle with a point in the center are described as “..two perpendicular parallel lines...”

This ritual change removes the word perpendicular in order to correct the ritual.

Proposed Ritual Change:

Strike the word “perpendicular” from page 36 of the clear text ritual so that the affected sentence (in the second paragraph) reads:

“The circle is supported by two ~~perpendicular~~ parallel lines representing Saint John...”
